

Personal guide to the Solomos Museum for visitors on the autism spectrum

The personal Guide for visitors on the Autism Spectrum (GAS) to the Solomos Museum was created by the GAS Group - Department of Archives, Library Science and Museology of the Ionian University, in collaboration with the Solomos Museum Corfu

This is a personal guide that I can create myself before visiting the Solomos Museum. It contains:

- ✓ Cards with pictures
- ✓ Cards with photos
- ✓ Checklist

Instructions:

1. A few days before my visit, I print out everything I need to create my personal guide. That way, I can plan my visit.
 2. When I decide which rooms I want to visit, I cut out the corresponding cards with photos. I then stick them in the blank boxes of the personal guide.
 3. I use the cards with pictures to communicate anything I might need.
 4. I leave some boxes blank in the personal guide, so that I can fill them in when I am at the Museum.
 5. I bring the personal guide I made with me, to the Museum.
 6. When I have completed a tour route inside the Museum, I check it with a pencil in the "All done ✓" column of the personal guide.

There are rules in the Museum:

- ✓ I look at the exhibits inside and outside the showcases from a distance without touching. This way everything remains clean and, above all, safe.
- ✓ During the visit I stay close to those who accompany me.
- ✓ I walk slowly and I am careful with my movements.
- ✓ I speak in a low voice. I can also use my inner voice.

I remember the rules so everyone is happy!
